#J59.2611.145

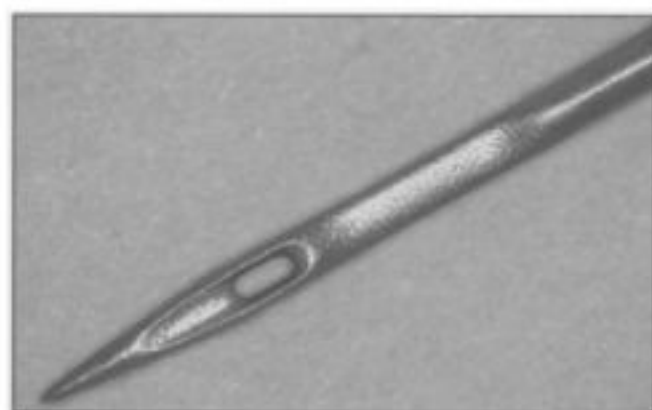

QUALITY & AFFORDABILITY

FR / Flame Retardent PROBLEMS...

HEAT BUILD-UP, HIGH FRICTION, ADHESION

SOLUTION: ORGAN *Cool-Sew*/LP Lubricated Plating NEEDLES

ORGAN's latest development of our *Cool-Sew*/LP plating combines the non-sticking properties of PTFE and the durability of nickel. *Cool-Sew*/LP needles run cooler and last longer than previous non-stick finishes.

Available in popular types and sizes including 62x59, B27, 142x5, 135x5, 135x17, UY128, UY143 and 794HMR-4 (for quilting machines).

PLEASE CONTACT US FOR ANY NEEDLES YOU MAY NEED.
